Solutions Atlantic Prepares for 13F Online Form Changes

Regulatory Reporting System ("RRS") addresses 13F online form requirements

Boston, MA, 9 April 2013 – Solutions Atlantic announced today, that it will complete the necessary changes to the *Regulatory Reporting System* to address the recent changes to Form 13F announced by the Securities Exchange Commission (SEC) on March 29th, 2013.

The SEC issued [Notice](#) stated that beginning Monday April 29th, 2013, filers must file their Form 13F using the online form available on the EDGAR Filing Website. Filers must also construct their Information Table according to the [EDGAR XML Technical Specifications](#). Submissions using the current text based, ACSII format will be suspended at 5:30pm on Friday April 26th, 2013.

"I think the SEC is moving in the right direction with this change. Reducing the processing time and the potential for manual errors should be everyone's goal. Our Regulatory Reporting System clients want the shareholding disclosure workflow to be completely automated, this change only supports that further," said Mitchell Greess, CEO, Solutions Atlantic.

The changes to the Regulatory Reporting System will not be released to customers until the final approval of the Form changes has been issued by the SEC; this is expected on or about April 29th, 2013.

Solutions Atlantic is the market leading provider of large position disclosure solutions to the global financial services industry. For more than a decade, Solutions Atlantic has been at the forefront of global regulatory obligations as it pertains to large position and short selling disclosures.
