The Regulatory Reporting System Supports over \$2 Trillion in Assets Under Management

Boston -11 March 2014 - Adding a leading US based investment manager with global offices to its list of customers, Solutions Atlantic today announced, that the *Regulatory Reporting System (RRS)* now provides shareholding disclosure automation for more than \$2 Trillion in assets managed or owned by its customers, marking its place as the market leading solution.

“For more than a decade, the team at Solutions Atlantic has continually invested in developing the most purpose built solution for global shareholding disclosure reporting. This milestone is recognition of that work and trust that our customers place in us, said Mitchell Greess, CEO of Solutions Atlantic.

RRS continues to provide the best capabilities in an end to end solution for managing the global regulatory obligations as it pertains to shareholding disclosure for large positions, short positions, takeovers, foreign investments and sensitive sectors. Addressing the regulatory requirements in over 80 jurisdictions makes it the most complete shareholding disclosure solution used by global investment firms.

Solutions Atlantic is the market leading provider of large position disclosure solutions to the global financial services industry. For more than a decade, Solutions Atlantic has been at the forefront of global regulatory obligations as it pertains to large position and short selling disclosures. Solutions Atlantic is headquartered in Boston, MA.
